Automated Decision Making

Automated decisions are decisions concerning you which are made automatically on the basis of a computer determination (using software algorithms), without human intervention. We do not use automated decision making.

What are your data protection rights?

Your duty to inform us of changes

It is important that the personal data we hold about you is accurate and current. Please keep us informed if your personal data changes by keeping your details up to date on our website and by sharing your updated details with our DC/ DPO at eahmed@kfh.com.bh.

Your rights in connection with personal data

- Request access: To your personal data (commonly known as a "data subject access request"). This enables you to receive a copy of the personal data we hold about you and to check that we are lawfully processing it.
- Request rectification: Of the personal data that we hold about you. This enables you to have any incomplete or inaccurate information we hold about you corrected. We may need to verify the accuracy of any new data you provide to us.
- Request erasure: Of your personal data. This enables you to ask us to delete or remove personal data where there is no good reason for us continuing to process it. You also have the right to ask us to delete or remove your personal data where you have exercised your right to object to processing, where we may have processed your information unlawfully or where we are required to erase your personal data to comply with local law. Note, however, that we may not always be able to comply with your request of erasure for specific legal reasons which will be notified to you, if applicable, at the time of your request.
- Object to processing: Of your personal data where we are relying on a legitimate interest (or those of a third party) and there is something about your particular situation which makes you want to object to processing on this ground. You also have the right to object where we are processing your personal data for direct marketing purposes. In some cases, we may demonstrate that we have compelling legitimate grounds to process your information which means we can continue to process your personal data.
- Request the restriction of processing: Of your personal data. This enables you to ask us to suspend the processing of your personal data in the following scenarios:
 - if you want us to establish the data's accuracy;

- Request for portability: Of your personal data to another party. We will provide to you, or a third party you have chosen, your personal data in a structured, commonly used, machine readable format. Note that this right only applies to automated information which you initially provided consent for us to use or where we used the information to perform a contract with you.
- Right to withdraw consent at any time: Where we are relying on consent to process your personal data. However, this will not affect the lawfulness of any processing carried out before you withdraw your consent. If you withdraw your consent, we may not be able to provide certain products or services to you. We will advise you if this is the case at the time you withdraw your consent.
- Right to lodge a complaint with the Authority: In case you consider that the processing of your personal data infringes any of your rights or provisions related to the laws and regulations in scope.

Fees for excessive or unreasonable requests

You will not have to pay a fee to access your personal data (or to exercise any of the other rights). However, we may charge a reasonable fee if your request for access is unfounded or excessive.

Time limit to respond

We try to respond to all legitimate requests within 15 business days. Occasionally, it may take us longer than a month if your request is particularly complex or you have made a number of requests. In this case, we will notify you and keep you updated.

What we may need from you

We may need to request specific information from you to help us confirm your identity and ensure your right to access the information (or to exercise any of your other rights). This is another appropriate security measure to ensure that personal data is not disclosed to any person who has no right to receive it.

We may also contact you to ask you for further information in relation to your request to speed up our response.

If you wish to exercise any of the rights set out above, please contact us at eahmed@kfh.com.bh.
